## CIVIC FEDERATION HAS FEW FRIENDS

Endorsements Repudiated  
By All Republican  
Nominees

**W. O. SMITH STATES  
HIS MIND FRANKLY**

**W. W. HARRIS WOULD RATHER  
BE DEFEATED THAN OWE VIC-  
TORY TO WITHINGTON  
AND OTHERS**

Republican candidates on Civic Federation endorsements: "W. O. Smith—I do not thank them for their endorsement. I resent it." "A. M. Brown—I am trying to form a machine through the Civic Feds." "A. V. Gear—I am composed of as nearly as can be found out, by three men in a back room." "H. C. Vida—I wish no support from tools of L. A. Thurston." "W. W. Harris—I would rather be defeated than owe my election to an action such as has been committed by the men who rule the destiny of the Civic Feds."

The Republican meeting held at twilight last night was one of the most important of the campaign on account of the manner in which the speakers, without exception, denounced the Civic Federation and repudiated the endorsements given by that body. The audience was not large but was composed of men almost exclusively, there being not more than ten women present. The most radical of speech made by any candidate who had been endorsed by the Civic Federation was that of W. O. Smith, who was perfectly frank in his statement of what he thought of an attempt to influence a large number of voters by the chicanery of three men, themselves far from representative. He said:

"I should like to know who is this Civic Federation which is attempting to control the votes of a number of citizens. Nobody in the town can name more than half a dozen. It is not a party; it has never held primaries, nor even meetings from what I can hear. I do not thank them for their endorsement. I resent it. I do not know them and believe that the action has been taken by a committee which had no power to do other than express the personal sentiment of its members."

"What I mean by this is that I do not make an attack on anyone but that I believe that the Republican party is perfectly capable of nominating its own ticket without any assistance from the Civic Federation. There is no place for it as a party any more than there is for the Home Rulers. There never will be a place for it if you vote the straight ticket on November 6."

Sheriff Brown made a short speech in which he called attention to the fact that the Civic Federation attack was aimed not at the Republican party but at his personally. He said: "In order to hurt me they are trying to draw down to their own level, candidates who are as good as any on the ticket. I have always given you people a square deal and always will. I have shown you that before and will do so again. I am being attacked on account of the fact that I have not brought to trial every man arrested for being drunk. I have handled this matter as I thought was best and for the best interests of the country and there is not a man here nor is there a man among my traducers, who can deny that I have done what is best."

"Jaukea is trying to form a Civic Federation machine. Would it be better to have a machine run by Brown or by Jaukea and the Civic Feds? You know what I will do but you cannot tell what Jaukea and the Civic Feds will do. Which do you think would be best in office?"

A. V. Gear made a strong speech opposing the Civic Federation. He said: "This body, which calls itself the Civic Federation and which is composed of as nearly as can be found out by three men in a back room, has opposed but four candidates but as the result the entire ticket is opposed to them and there is not a man on the Republican ticket as it stands before you, nominated by the Republican convention as the choice of the party in the island of Oahu who will give it one jot or will allow the mutterings of three men to make him break his word and leave his friends for strangers."

"The Republican candidates can fight their own fight. They need no assistance of this variety from the Civic Federation. We ask you to vote the straight ticket and we will give you such an administration as you need and wish."

Henry Vida said: "Fellow citizens, I wish to call your attention to the blacklist of four names which has been issued by the Civic Federation. I am glad of it myself. I wish no support from Doremus Scudder and other tools of L. A. Thurston who pander to his sycophants who fawn on him and allow their names to be used for any purpose which they may dictate. He attacks Brown for simply one reason, because Brown is a man. He cannot be dictated to by Thurston or his organ, the Advertiser."

"This Civic Federation, which stands for pureness and morals, sets a good example to its followers by endorsing two saloon men. Its purity and righteousness fade from sight when the order from Thurston comes to the three men who decide the policy to be followed, without asking or caring how the majority of the members feel."

W. W. Harris was very frank in stating his views. He said: "If a man is not for you he is against you. The Civic Federation has seen fit to link my name with that of Frank Harvey in its endorsement. I would rather be defeated than owe my election to an action such as has been committed by the men who rule the destiny of the Civic Feds. We can make our fight ourselves. We have made our fight and we will continue to fight and without their assistance will place our entire ticket in office."

L. L. McCandless, Charlie Chillingworth, Lefelei and F. T. P. Waterhouse made short speeches bearing on the Civic Federation in about the same terms as had been employed by the previous speakers and were followed by A. S. Kalelopa and J. L. Paoo, who both spoke in Hawaiian.

opposed but four candidates but as the result the entire ticket is opposed to them and there is not a man on the Republican ticket as it stands before you, nominated by the Republican convention as the choice of the party in the island of Oahu who will give it one jot or will allow the mutterings of three men to make him break his word and leave his friends for strangers."

## PLENTY OF SPUDS AND CRACKERS FOR HONOLULU

Honolulu may eat crackers and potatoes now to its heart's content. The famine is broken. No longer need there be an absence of spuds on the dinner table, and the dyspeptic who is condemned to live on crackers and breakfast food may yet continue to get what enjoyment he can out of his regular bill of fare. The steamer Hilonian, of the Matsen line, arrived in port yesterday morning from Portland with a big cargo, comprising among other things about 2800 bushels of potatoes and unlimited crackers. Instead of her usual straight cargo, the vessel brings this time an assortment of all sorts of flour, onions, fruit, boots and shoes, things—dressed turkeys and chickens, salmon, agricultural implements, feed, furniture, etc. There are 1000 tons of freight direct from Portland and 1800 from San Francisco. This is a record cargo and speaks well for the future of trade between Portland and Honolulu. Captain Johnson says that now that the Portland business men have got an opening down here, a brisk trade will be kept up between the two ports. The first part of the Hilonian's voyage from Portland was a rough one, a heavy gale being encountered. There was also some trouble in the boiler rooms, a new crew having been shipped at Portland at the last moment. Chief Engineer Kilgus, who is here for the first time in that capacity, expects to have all difficulties straightened out by the time the Hilonian is ready to leave.

The Hilonian will probably go to Hilo about Friday to discharge the remainder of her cargo and to take on 2000 sacks of sugar.

## HARRY ON THE KINEO

[Special to the Bulletin]

Walluku, Maui, Oct. 19.—On the American five masted schooner Kineo, which is supposed to be about 180 days out from Kahului with sugar for Delaware Breakwater, is S. B. Harry of Walluku, who went as carpenter of the vessel. When he was a few days out at sea his oldest son died at Malinali hospital of blood poisoning, and Mrs. Harry, a teacher at Walluku school, is now staying at Walluku with Mr. and Mrs. S. Kellinot with her second son, anxiously awaiting to hear that the report that the ship Kineo has been lost is not true. It is stated on good authority that the mate of the ship Phuong Suey declined the offer of the captain of the Kineo to go with him as mate, saying that he would not go on the vessel as mate if the ship was offered him, for he considered the Kineo unworthy, although a newly built vessel.

## NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that dies up the scalp into little white scales, and by sapping the vitality of the hair at the root, causes falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market, but there has been no permanent cure for dandruff until the discovery of a preparation called New-bern's Herpicide, which destroys the dandruff germ. Destroy the cause, the effect will come to exist. Kill the dandruff germ and hair will have no dandruff, no itching scalp, no falling hair, and by leading druggists, send for a sample for sample to The Herpicide Co., Detroit, Mich. Herpicide Drug Co., special agents.

## TRENT PLAYS CLOWN BEFORE ELITE OF KAKA'AOKO

At the Kumalee block the Democrats had their meeting with Albert Kauwe officiating as chairman. There were present about 500 people at this meeting.

W. P. Jarrett said, if elected, to office, he would do his duty according to law.

M. A. Silva said that if elected, he would work in the interest of all people. He attacked the administration of the Republican party and asked the audience to vote for the Democratic ticket.

Chas. Broad said that mules were better cared for than men. The Government mules got their hair brushed, faces washed and meals regularly given them every day, while men were unemployed.

R. H. Trent said that while he was paying 100 cents on the dollar, the Territorial Treasurer was discounting and the people were therefore financially inconvenienced. Trent said on November 6 the Republicans would send vehicles after the voters, but on the 7th they would pay no more attention to them. Here he placed two native boys on a wheelbarrow, and holding it himself, ran about with his passengers and brought them to their destination. Then he mounted the stand and said that this would be the way the Republicans would treat Hawaiians on Nov. 6. Here the speaker got down and, placing the boys again in the wheelbarrow, he ran around again; but instead of bringing his passengers to safety he upset them and stood laughing at them. Having done this he went on the stand and told the audience that that would be the way the Republicans would do after they had been elected. He asked the people to vote a straight Democratic ticket. Applause.

Fred. Weed promised to amend the law relative to leper suspects. W. W. Thayer said that men on the Democratic ticket were honest and would work for the best interest of all the people. He had heard W. O. Smith apologizing at a meeting for certain men who should not be on the Republican ticket.

J. K. Mokunua, vice president of a newly organized Democratic club of Moanalua, said that Democratic ticket was the best one ever presented to the people and asked them to vote for it. Jessie Uihli also promised to amend the law relative to leper suspects. Chas. Rose asked for support for the whole Democratic ticket.

C. P. Jaukea said if elected he would discharge the duties of his office according to law and asked the audience to support the whole ticket. J. J. Fern also spoke.

## SMITH REPUDIATES DESIRE FOR CIVIC ENDORSEMENT

A strong repudiation of the endorsement of the Civic Federation was made last night at Kaka'aoko by W. O. Smith. He then went at the Civic Federation and said that he was one of the candidates supported by it without his knowledge and with a support that he never sought for. "Why not join the Home Rule party?" said a voice in the audience. He said that he did not like to throw any contempt upon the Civic Feds but said that they represented few men and that their report was signed by only three men. In closing he said that the Civic Feds had done something that he did not approve of, and asked the support of the straight Republican ticket.

He also spoke of Kuhio's good work at Washington and asked the people to send him back again. The Home Rule party was not recognized at Washington.

W. W. Harris said that the Civic Federation had endorsed two men for the same place and said he did not want their support if it could not select one man for the place. He wanted to know how the two men could fill the one position of Supervisor at Large.

Chas. F. Chillingworth said that he came there to solicit for their votes and ask the audience not to draw race issue but vote for the straight Republican ticket.

A. D. Castro, running for the House, said if elected he would work for the interest of all people. His remarks were interpreted by Capt. Nahora Higa, who added more good and jolly remarks.

A. M. Brown received rousing cheers as he mounted the stand. He said if elected again he would treat the people the same as he had in the past. While at Walluku he endorsed Governor Carter's administration; but the Advertiser misrepresented the facts about the police administration.

Link McCandless said that the people were having good roads under the Republican administration.

John Hughes said that the Republican party stood for equality and prosperity.

The meeting was well attended, there being about 700 present, and was enthusiastic throughout.

## DEMOCRATS READY

The Democrats have sent the following answer to the Republican acceptance of their challenge to a joint debate in the Orpheum:

Honolulu, T. H., Oct. 22, 1906.  
H. E. Murray, Esq., Chairman Republican County Committee, Honolulu.  
Dear Sir:—I beg to acknowledge receipt of yours of even date relative to a joint public debate between representatives of the Democratic and Republican parties. Without commenting now upon the conditions that you have submitted, I desire to give you notice that the following gentlemen will act as a committee for the Democratic party to arrange details of the debate:—Messrs W. A. Kineo and R. H. Trent. Yours truly,

H. J. MORRIS,  
Chairman Democratic Co. Committee

## THAT FAN QUESTION AGAIN

An office can be kept cool on the most sweltering days by an electric fan. You simply attach it to your incandescent light wire in place of the lamp. We can supply you with a good fan. Once used you will wonder how you ever got along without it.
